

7th Grade Student Immunizations

All Students entering 7th Grade, are required to have the Tdap Immunization. Once you have had the shot, your health provider or Florida Health Department will provide you with a copy of the DH 680 Form, it must have the following comment under Part A:

“DOE Code 8 Immunizations are complete for 7th Grade”

Please plan to have this completed during the summer and provide us a copy prior to the start of school.

Students will not be able to attend school, until we have received this updated form.

Thank you for your attention to this matter!
